New York City, NY • annabel.zhang1@gmail.com • [linkedin.com/in/azhang1/](https://www.linkedin.com/in/azhang1/)

Summary

Seeking a position in an internship to gain experience in the field of Computer Science where I can gain hands-on experience and apply the skills I have developed in problem-solving and software development.

Commented [A1]: Add github link back when you actually work on projects >:(

Education

Rensselaer Polytechnic Institute

May 2026

BS in Computer Science

Stuyvesant High School

Graduated – 3.5 GPA

Experience

Google Software Engineering Program (G-SWEP), *Mentee*

March 2024 – Sept. 2024

- Participated in two 10-week mentorship programs with Google Software Engineers to enhance knowledge and practical skills in data structures and algorithms.
- Strengthened problem-solving skills through weekly coding sessions.

Aplus Academy LLC, *Part-Time Internship*

Aug. 2021 – Aug. 2022

- Utilized Excel to track performance metrics and manage data for all locations, overseeing records for hundreds of students.
- Tutored over 75 students in English and Math, supporting academic improvement.

NYC Board of Elections, *Elections Inspector*

Nov. 2021 – June 2022

- Served as an inspector in multiple elections, ensuring 100% compliance with voting procedures and legal protocols.
- Checked in over 1,200 voters per election day and managed the secure distribution and return of ballots.
- Organized election paperwork and assisted with 10+ new poll workers to maintain efficient operations.

Skills

Java, Python, JavaScript, SQLite3, HTML/CSS • Git, Visual Studio Code

Commented [A2]: Add more skills when you get them ;w;;

Extracurriculars & Awards

- [On the Dean's List of Distinguished Students for Fall 2022](#)
- Received the AP Scholar Award
- Received the National Junior Honor Society Award
- Received certificates for Harvard's 2020, 2022, 2024, and 2025 Puzzle Day competitions

Commented [A3]: Dean's List award should go in Education under school
